WELCOME TO OUR WORLD

You light up their lives
You give them hope
The light and hope warms your heart
Making you healthier spiritually.....

ABOUT PHILEA HOME

The nation has developed, bringing us improved, healthier and more comfortable lifestyle.

However, it is undeniable that poverty is still lurking around us and there are still pockets of hardcore poor who are left behind and left forgotten. Cases of sexually abused children, single mothers, forgotten orphanages are on the increase....the list is non-exhaustive.

Philea Home, based in Kapar Town, Selangor is home to the underprivileged – who are there not by their own choice, but due to circumstances beyond their control. It is formed by a group of volunteers who are committed to bring light and hope to these children.

PHILEA HOME MISSION & VALUES

Philea Home believes in 'not to give fish, but to teach how to fish'.

The mission of the Home is to provide:

1. a suitable environment for wholesome growth
2. supplementary education assistance
3. security and comfort
4. sound upbringing and discipline

with the earnest hopes to:

5. instill personal development
6. instill strong sense of self responsibility
7. teach basic living skills and
8. nurture children to become matured, caring and self-sufficient adults.

PHILEA HOME'S ENDEAVOURS

Besides providing a permanent home to orphans, Philea Home is also participating actively in the following outreached programs:

- **Food Aid**

Providing monthly basic food supplies to families of hardcore poor and single mothers. We need provisions such as rice, noodles, sugar, canned food, wheat flour, biscuits, milk powder, cooking oil.

- **Basic Essentials**

Providing assistance towards the children's education such as tuition, career guidance, basic skills, school bags and stationeries.

- **Learning Programs & Outings**

Children from poor and broken families are taken under foster care and included in our programs and outings.

- **Distribution of Used Clothes & Shoes**

These items are distributed to the poor and needy in areas as far as Kuala Selangor.

HOW YOU CAN HELP

- Contributions in cash or kind
- Create public awareness of the Home and its needs
- Organizing/participating/supporting the activities of the Home.

Please contact Mrs Yoges Muthu, a full time primary school teacher who has spearheaded this Home.

Join us in our quest towards a CARING SOCIETY and to help develop and instill POSITIVE INFLUENCE towards the less fortunate individuals to secure a better future for themselves.
